Green goes south

Latitude Group's Club Tower in Worcester Boulevard in Christchurch is aiming to become the South Island's first five-star Green Star building. The \$40 million development is being built on the site adjoining the historic Canterbury Club on Worcester Boulevard and is due for completion in late 2009. The tower will be 40 metres tall and consist of car parking, office space and two luxury penthouses on the top floor. There will also be café/retail space on the ground floor.
